 - Export Button
 - Folder Organization
-

Revision Center

Include:

- Weak Topics
 - Saved Notes
 - Current Affairs Revision
 - Quiz Mistakes
 - Daily Revision Cards
 - Study Recommendations
-

Quiz

Create:

- Quiz Dashboard
 - Quiz Cards
 - Difficulty Filters
 - Previous Attempts
 - Accuracy Statistics
 - Time Taken
 - Performance Summary
-

Progress

Include:

- Weekly Progress
 - Monthly Progress
 - Study Heatmap
 - Accuracy Graph
 - Study Hours
 - Achievements
 - Study Streak
-

Profile

Include:

- Student Profile
 - Goals
 - Preferred Exam
 - Preferred Language
 - Achievements
 - Certificates (Mock)
-

Settings

Include:

- Theme
 - Appearance
 - Notifications
 - Language
 - Preferences
 - Account Settings
-

Final Polish

Improve:

- Responsiveness
- Animations
- Accessibility
- Empty States
- Loading Skeletons
- Error States
- Component Reusability
- Code Organization

Use realistic mock data throughout.

The project should feel like a production-quality AI learning platform and be ready for backend integration without requiring structural changes.
